- Hewlett Packard Enterprise shareholders received stock in Micro Focus, a UK company, in the September spinoff of the software business -- and may have realized gains reportable on their 2017 tax returns.
- Employee stock cost basis spreadsheets going back to 1959 to help when selling shares of HP Inc, Hewlett Packard Enterprise, DXC, Micro Focus, Agilent, Keysight, etc. We also have Compaq employee purchase data.
- Stock Decoder Table. Official FAQ, cost basis, and more for shares of a dozen HP-related companies.
- Where's my stock? It is unlikely that all of your employee stock is in one place.
- How to obtain stock records. Companies pay stock transfer agents, employee stock plan administrators, stock award plan administrators, and other financial firms to handle shareholder recordkeeping.
- If you exercised stock options last year, you need both a 1099-B and a W-2.. How to obtain your option-exercise W-2. More Stock Option Advice.
- Predecessor company stock. Compaq, EDS, Indigo, Mercury, Opware, Peregrine, and other HP predecessors.
- Lost stock and dividends. How to check state unclaimed property sites for lost shares, uncashed dividend checks, and other stray money. There is no need to pay anyone.
